T. Bacon, the brilliant and accomplished editor of the Edgefield Chronicle, will de liver his lecture called, "An Old Mau's Kranky Kaliedescrpe," in our Opera House. This lecture has been delivered in Newberry, Columbia, Aiken, Charleston, and other places in our State, to large and cultured audiences, who were charmed by it. Mr. Bacon is well known as a writer of infinite humor, keen satire, and tender pathos, and those who have heard his lecture say that it abounds in these characteristic touches. It deals with the things of a past rapidly growing faint and indistinct, and to those who can yet reindistinct, and to those who can yet remember this picture of that time will furnish a happy retrospect. To the younger generation it will be an inkling of the days of the farthers and mothers. Mr. Bacon is likewise an accomplished musicism, and intersperses his lecture with selections from the greatest of the composers. This will be in itself a rare treat, which none should miss. He is not wholly a stranger here, and his friends of the olden time will welcome him again to our hospitable little city, and will take pride in showing him how we are growing in material prosperity, in culture, in wealth, and in happiness, whilst the "Everlasting Hills" keep their solemn watch over us.

Mr. Richard L. Williams, eldest child of our venerable friend, Capt. M. B. Williams, died at his home in the Piercelown section last Thursday night, 21st inst., at 11 o'clock, aged about 60 years. About one year go Mr. Williams was stricken with paralysis, and since that time had been in very feeble health, and for the past three months had been confined to his room. Anderson, S. C., March 23, 1895. EDITORS INTELLIGENCER: I am inform ed that Trustees for Graded School bay located on vacant lot near the Savannsh valley depot. The lot itself is beautiful enough, but there are two very serious objections to surroundings:

1st. It is too near the Railroad with its attractions unless other buildings or ob-structions cut off the view of that place. 2nd. The street is entirely too narrow for a school of this kind, and it is for the for a school of this kind, and it is for the future not just the present we must work, for, I suppose the school will last as long as time. You can't safely and conveniently turn a buggy around in it. Two wagons can only pass as on any highway. You will have to take in all the sidewalk to get street wide enough. It will take as much money to buy right of way for new walks, which ought to be 12 or 15 feet wide, as to buy the lot.
